

Crosby United Methodist Church Photo Release

At Crosby United Methodist Church we take the issue of child safety very seriously, and this includes protecting images of children involved in church related activities. While our kids love to see themselves in photographs in newspapers, newsletters, slide shows and on our website at www.crosbyumc.org, we need to reduce the risk of inappropriate, unsolicited attention from people outside the church.

For this reason, we will never include the full name of the child along side an image and will use group photos rather than photos of individuals. Pictures submitted to newspapers will include a caption with full names but will not be in order. Web postings may list first names of everyone who attended the event, but will not identify the individuals in the pictures.

By completing and signing this form, you are consenting to photographs and digital images of the child named below appearing in printed publications or on the church website or on CD-ROM's made by youth and children's groups and distributed within those groups.
